

DPS Solar Price List

all prices include vat at 17.5%.

Evacuated Tube Solar Collectors:

10 tube 47mm (double-walled) panel	£220
20 tube 47mm (double-walled) panel	£395
30 tube 47mm (double-walled) panel	£570
20 tube 58mm (double-walled) panel	£560
30 tube 58mm (double-walled) panel	£825
roof mounting kit for 10/20 tube panel	£9.50
roof mounting kit for 30 tube panel	£14
flat roof mounting kit 20 tube	£25
flat roof mounting kit 30 tube	£37.50

Accessories

Solar antifreeze per litre (supplied in 10litre containers)	£4.40
Circulation pump with isolation valves	£45
Armaflex high temp pipe insulation	£3.50/m
Anti-syphon valve (prevents heat loss at night)	£3.50
Pressurised System kit	£69
Thermostatic mixer valve	£39
Resol B1 Basic Solar Controller	£75
Resol A Basic Solar Controller	£80
Resol AX (with frost protection)	£84
Resol Delta Sol BS/3 Solar Controller (with dual digital temperature display)	£130
Resol Delta Sol BS/4 Solar Controller (with dual digital temperature display and variable pump speed control)	£150
Resol Delta Sol B Pro Solar Controller (control for two pumps - for East/West orientated panels)	£175
Additional Temperature Sensors	£16
FLOWMETER (for kWh readings)	£38
Delta Sol ES	£280
Data Logger DL1	150
DataSol M	£353
Service Centre (Lite)	£31
(full)	£89
Interface RS-COM	£148
Large Display GA1N	£212
Large Display GA3	£794
Clip on Cylinder Sensors	£18
Backup Power System 200W	£65

RETRO-FIT COILS - to replace immersion heater

Retro-fit coil 0.65m long	£105
